See **A Disappearing Number** on Thursday, October 14, 2010 at 7pm

at The Skirball Center for the Performing Arts
566 LaGuardia Place

A Disappearing Number revolves around the mathematical and spiritual nature of infinity, which becomes the link between two mathematicians: an established Cambridge professor, G. H. Hardy and a young and poor genius from India, Srinivasa Ramanujan. A brief discussion will follow on the nature of mathematics, genius, and the importance of education.

WoW cultural events are part of the WoW social activities that help promote the participation of women in science by establishing strong networks of support and exchange of various academic and personal issues that strengthen connections and raise awareness of key issues to help support women in their studies and retain them in the sciences.

All Are Welcome.
